

At TULLP we focus entirely on the production and distribution of alternative spare parts for Alfa Laval and GEA Westfalia separation and filtration equipment.

Our in-house production and supply chain guarantees high quality spare parts and solutions, at competitive prices. Ensuring customers increasing running hours between maintenance and reduction of their operational costs.

TULLP scope of supply:

- ✓ Full range of spare parts for Alfa Laval marine separators:
MIB 303
MAB 103/104/205/206/209/210
MMB 304/305
MAPX 204/205/207/210/309/313
MOPX 205/207/209/210/213/309/310
FOPX 605/607/609/610/611/613/614
LOPX 705/707/709/710/713/714
MMPX 303/304/403/404
MFPX 307
WHPX 405/407/409/413/505/507/510/513
SA/SU 200/300/400/500/600/700/800/900
- ✓ Full range of spare Parts for GEA Westfalia marine separators:
OTB 1/2/3
OTC 2/3
OSA 5/7/20/35
OSB 30/35
OSC 4/5/15/30/50
OSD 6/18/35/60
OSE 5/10/20/40/80
- ✓ Complete reconditioned separators and or bowls for Alfa Laval and GEA Westfalia (available with brand new control systems, ancillary equipment and heating system)
- ✓ New or reconditioned control units for all Alfa Laval and GEA Westfalia separators
EPC 41 / EPC 400 / PLC 100/3 / PLC 100/4
D10 / EPC 50 / NT 200 / MT 50
VESC / Freq. converter 110V / Freq. converter 230V
EVT 10 C / DS 10 / EPC 60 / E 40 / C7 / D 20
- ✓ Full range of spare parts for IMO triple screw low pressure pumps (series ACE/ACP/ACD/ACG/ACF/LPD/LPE)
- ✓ Full range of spare parts for Alfa Laval Moatti filters (serie FM 120/150/152/180DE, X280)
- ✓ Full range of spare parts for Nirex fresh water generators: (Series JWP 16/26/36)
- ✓ Brand new CBM or SWEP plate and brazed heat exchangers
- ✓ Gaskets and Plates for plate heat exchangers
Stainless steel and titanium plates available
